

FlexPay™ Retrofit

A flexible set of solutions, ready to fit in different dispenser types including Gilbarco Veeder-Root legacy and other manufacturer dispensers.

- > Gilbarco Veeder-Root has been the world leader in forecourt payment since 1970 with more than 350,000 terminals installed world-wide.
Gilbarco Veeder-Root's FlexPay™ products can accommodate all payment scenarios. Now you can get FlexPay™ Retrofit to make payment at the pump available without having to replace an entire pump or dispenser.
- > All FlexPay™ Retrofit terminals are EMV level 1 & 2 and PCI PED certified.
- > FlexPay™ payment terminals allow customers to operate 24 hours a day or have unattended sits.
- > The FlexPay™ Retrofit is specifically designed to update your current dispensers with the Pay @ Pump option and give you opportunity to increase your revenue.
There is no need to replace your existing dispensers, even if it is another manufacturer's dispenser.

Features and benefits

Revitalise your Gilbarco Veeder-Root dispensers with pay @ pump

CRIND solutions for existing dispensers like Encore, Enterprise and Euroline, give them a new forecourt automation engine.

FlexPay™ platform integrates with 3rd parties dispensers

Can be configured for retrofit onto other manufacturer's dispensers.

Car wash terminals

FlexPay™ terminal can be easily configured as car wash terminals for wall or pedestal mounting.
