

Increase your  
revenues

Totally secure and  
compliant

## FlexPay™ SK3

The perfect tool to equip the SK700 and SK700-II dispensers for a fast and easy Pay@Pump refuelling experience.

The FlexPay™ SK3 is Gilbarco Veeder-Root's latest addition to its range of CRIND's (Card Reader In Dispenser).

Incorporating Gilbarco Veeder-Root's SPOT platform, the FlexPay™ SK3 complies with all the latest regulations and is PCI PED and EMV L1&2 certified.

If one of your objectives is to automate forecourt payments, extend opening times or to operate unattended sites, then FlexPay™ is the perfect solution.

The SK3 can increase volume on your forecourt, with quicker transactions, driving more revenues and increased customer satisfaction.

## Features and benefits

### Automated Forecourt

SK3 CRIND is the ideal tool to reduce operating costs by automating forecourt payments, extending opening times or running unattended operations.

### Designed for SK700

The SK3 can either be factory mounted onto new dispensers or easily retrofit in the field to all SK700 and SK700-II models.

### Rich Interface

The interactive 5.7" colour screen can deliver effective messaging for loyalty schemes or promotions.

### Fast Lane

SK3 can speed up transactions, leading to improved customer satisfaction and increased revenue.

## Gilbarco Veeder-Root Products – behind every successful forecourt

Gilbarco Veeder-Root is the largest supplier in the world representing the leading brands of solutions and technologies that provides convenience, control and environmental integrity to retail fuelling and adjacent markets. Gilbarco Veeder-Root is the only manufacturer that can provide all your fuel forecourt solutions.

### Pumps and Dispensers

Designed to be at the core of retail forecourt solutions centering on quality and innovation, Gilbarco Veeder-Root's broad portfolio of pumps and dispensers are proven to deliver profitability for our customers today and tomorrow.

### Automatic Tank Gauging

Innovative tank monitoring and loss detection to automate wet stock management, environmental control and risk management across the network and allow centralised data management to optimise operational profitability.

### FlexPay™

Secure and flexible payment solutions to create new business at the pump.

### Retail Solutions

The leading provider of solutions and tools to support fuel retailers in improving profits and preparing business for tomorrow's challenges.

### Submersible Pumps

The most efficient way to pump fuel on a forecourt; consistent flow rates, no vapour lock and minimal maintenance.

### Forecourt Solutions

Combine POS and forecourt equipment of any make or brand for efficient control and management of your petrol station forecourt.
